

Musical Moments for Jaguars

Pick an activity at least once or twice a week, and keep music in your routine!!

Sing the Hello Song to someone. Can you teach it to them? Now have a performance of the song!	Try to find a fast song. Now try to find a slow song. You can dance fast and slow along to your songs!	Tell someone about an instrument that you want to play, and why. Draw a picture of the instrument.	Ask your family to share their favourite songs with you! Think of your own favourites and write them down. Listen to them again.	Ask someone to read a story out to you. Add sound effects using your voice, body percussion, and objects from around the house.
Teach someone your favourite dance move. Record it in a video.	Make up your own song and sing it to your family. You could FaceTime with a member of the family who lives far away and share the song with them too.	Sing a song with a loud voice. Now sing it with a quiet voice. Which do you prefer?	Draw squiggly lines and try making your voice follow the path you created.	Wiggle like a wiggle worm. Move like a big brown bear. Stand like a statue. Which other ways can you move your bodies?
