

Back at School

-     
School may look a little different.

-      
Not everyone will be back at school.

-       
Lunch and break time might be in different places.

-      
The staff working with you might be different.

-          
You will need to stay in your pod or go to where the adults say.

-     
This is to help keep you safe.

-     
There are some new rules to remember.....

-    
Remember wash your hands as often as you can.

-    
Remember to stay in your pod.

-     
Remember the adults are here to help you.

-      
Remember you can talk to an adult if you are worried.
