

Christmas Rap!

Year 9, Term 2

What's our objective today?

- You will write your own Christmas raps!!
- You will perform your rap – you could even make your own backing again!

First task

- Fill in the worksheet
- Think of your rhyming words
- Think of some good Christmas ideas
- Make sure your words fit into 4 beats, in each line!

This is how it goes....

Line 1: Hey I'm _____ and at Christmas time

Line 2: _____

(in this line, say something about what you like to do at Christmas time.

The final word should rhyme with the end of line 1)

Line 3: It's Christmas

Line 4: Oh yeah, it's Christmas!

Second Task

- **Perform the rap**
- You can perform it out loud to your family, without a backing.
- Or if you have access to an ipad and GarageBand, you could make your own backing again, like we did in class!

How do I make the backing??

This is what you do:

- Open the GarageBand app and create a new song by clicking the + sign in the top right-hand corner
- Find Drums, and select **Smart Drums**
- Drag instruments on to the grid to build up a rhythmic pattern
- Press Record and record **8 bars**
- **Wait for 2 bars before you start rapping!**

And Finally...

Make a recording of your performing your rap, and send it to me!
