

Work for year 7 and 8

I have not had many recipes coming for our cookbook. These should have been recipes of your choice. To include ingredients, instructions and decorated pages. If you have not started this yet there is still time to have a go.

This week I am looking for the lucky pupil who can design a suitable front cover.

Things to think about when designing your cover:

- What is going on in the country at the moment, the corona virus?
- How is this affecting us? Staying at home, playing with family, trying something new, NHS and how we are supporting them, how we are looking after others who cannot get out and finally keeping in contact with family
- Your cover needs to be colourful and depict what is happening now.

There will be a prize for the best cover and this cover will be the one we use for our special recipe book.
