

Imagine you only have £3.00 to spend

1. Choose a recipe suitable for a birthday party.
2. List the ingredients you will need.
3. Which age group would your recipe be suitable for?
4. How could you inform others about the recipe you have chosen?
5. Write down the types of things you would say or do to inform others.
6. Include the nutritional information and whether it is sweet or savoury
7. Find a picture of your recipe or if your family agree perhaps you could make it and take photos.
